

May 6, 1941.

Dr. Leroy Morris,
88 Spring St.,
Trenton, N. J.

Dear Doctor:

Your letter of May 4th received, from it I assume you will receive another letter from Colonel Kimberline, if so I would appreciate having a copy of it.

In regards to the parking of the 90 motor vehicles, there is sufficient space owned by the Ball Park directly adjoining it, however, I do not care to say at this writing that the motor vehicles will be parked here. I have been to see Chief Brex, the acting Director of Public Safety of Newark and he has asked me to leave the care of the Regiment and motor vehicles to the Police Department. I plan to make another visit to see him tomorrow, and if there is anything more definite decided I will let you know.

The Newark Police and Mayor Ellenstien and his Committee will meet the Regiment at the Newark City line and escort them to the Ball Park and take care of them from then on. I have had no contact with Colonel Kimberling except through you, so I am depending upon you to take care of this in its entirety.

In talking to Colonel Davis yesterday he told me he would like to have the State Troopers stay with the Regiment from the time they leave the Fort. He especially would like them to arrange so that the vehicles can all cross together at each intersection and not be broken up in order to wait for lights to change. I imagine Col. Kimberline would have this in mind without our suggesting it, but I would like to know that this was going to be done. After all even the State Troopers are not called on to move a line of vehicles this long very often. From the looks of the war news, it may be happening frequently from now on, however, and may be they won't mind getting a little practice.

I will give you the name and phone number of the Officer in charge of the Police of Newark in case you care to contact him directly, it is: Chief Brex, Acting Deputy Director of Public Safety, the private direct wire which he authorized me to give Colonel Gilbert only is MARKET 3-4705, two other phones are MARKET 2-5400, and his home phone is ESSEX 3-8094. Thank you very much for your co-operation and assistance in arranging this very big affair. If you want more tickets let me know.

Very truly yours,
